2008 will be GREAT!

May 2008 Opportunity Letter

Beloved Friends of Charles and Frances,

Like each of you who love Charles and Frances Hunter as we do, we are excited about a very special day just around the corner! **On May 8 Frances will celebrate her 92nd Birthday! Hallelujah!**

For *anyone*, this would be a remarkable day, just to be *alive* at 92! But in Frances' case, there are so many more reasons to celebrate! For Frances isn't just "alive" as one would define any type of being that could roll over and open its eyes... the Frances that we look to with such awe is ALIVE with more passion for Jesus and more zeal for winning souls and training believers to do the works of Jesus than she has ever been in her entire life!

A year ago, the devil got real upset with Frances and tried long and hard to put a stop to the burning vision within her. But he didn't get the picture at all! Frances wasn't going to cooperate with him. Had he forgotten that when she was born, Frances was so puny and tiny that she was set aside in a shoebox to die but she refused to stop breathing! **And 91 years later, when doctors told the family she could not last but a few days, Frances still refused to stop breathing!**

Glory to God! Isn't that just the most fabulous *Frances Hunter* type of turnaround on the devil that you can imagine! But the victory Frances rejoices most over is, that during and after those fierce attacks and evil reports, she coordinated the **World Wide Day of Healing** which brought healings and miracles to people in nations all over the planet, has just completed the **First Annual Ordination and Impartation Conference**, and has already planned the **next Ordination Conference** for October! Not to mention ongoing television and ministry opportunities!

Frances Hunter has to be the only person we know who approaches the youthful age of 92 as if it really were youthful!

Who else do you know who goes into a hospital half dead and has revival, getting nurses, doctors and patients saved and leaving books behind all over the place? Who can, from a hospital room, direct an office staff, write a book, and run circles around people one third her age? Who, 8 years from 100, is before the public, praying and anointing and training others to lay hands on the sick and expect miracles?

Birthdays are Special! And Frances Hunter's birthday is a reason for celebration all over the world! Those of us who are blessed enough to have a personal relationship with her over the years have even more reason to celebrate! **Hallelujah!**

This is a wonderful occasion to send an extra special gift to show our love and appreciation for all that Frances means to each one of us and how her life and ministry have impacted our lives. We are aware that the ministry's finances have dropped noticeably over the last few months, and would like to challenge each of you to tuck in an extra \$92.00, or \$920.00, or \$9200.00 with your gift this month. Your generosity at this time will give Frances a boost of encouragement that the vision and mission of Hunter Ministries will continue unhindered by any lack of finances. May God bless you abundantly!

In His Awesome Love,
Ron and Ginny Kite,
World Evangelistic Census Coordinator and
friends of Frances Hunter!

A handwritten signature in black ink that reads "Ron & Ginny Kite". The script is cursive and fluid, with the names connected together.

P.S. YOU ARE INVITED to Frances' 92nd Birthday Celebration on Saturday, May 10 at 6 P.M. The location is Victory Christian Center, 26452 Sorters Rd., Porter, Texas.
